WILDERNESS LODGE & PERMITS

See page 4.

YOU MUST STORE ALL FOOD!

BEARS quickly learn to get food from cars, picnic tables, and backpacks. They then become destructive and sometimes aggressive. They want our food, not us, but people can get hurt. Too often these bears must be killed. This is why you may be fined if you do not store food properly.

- **DRIVERS:** Never leave any food or scented item in cars. Take infant seats out of cars; the smells they absorb may attract bears.

- **CAMPERS:** Store food day and night in the metal boxes provided (see page 11 for box sizes; avoid bringing coolers that won't fit). Store ALL food, coolers, related items, and anything with an odor (even if it's not food) -- including unopened cans and bottles. Latch the box completely. Food not stored properly will be impounded. Where boxes are not provided, store food in the car trunk (seal food to reduce odors). If the car has no trunk, put everything on the floor, cover it well, and close the windows. Keep a clean campsite. Deposit garbage immediately in bear-proof containers or store it like food.

- **PICKNICKERS:** Guard your food at all times.
- **LODGE GUESTS:** Keep cabin doors closed any time you leave.
- **BACKPACKERS:** Store all food in a portable canister. Less than 3 pounds, it holds up to 5-day's food for one and fits in a pack. Metal boxes in a few backcountry locations offer backup storage. Rent or buy a canister at park visitor centers or markets. Bears defeat most attempts to hang food in trees.

- **EVERYONE:** Don't let bears approach you or your food. Wave your arms, make loud noises, and throw small rocks in their direction (avoid hitting the face or head). Keep a safe distance but be persistent. If a bear does get food, never try to take it back.
